

## Improved communication

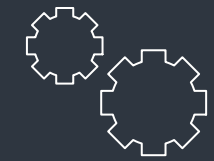

98% OF ALL TEXT MESSAGES ARE READ WITHIN THE FIRST HOUR OF RECEIPT

CellFUZE is a developer of SMS platforms for companies to capitalize on profitability and effectiveness. These platforms are fully functional at delivery and CellFUZE will go through training for all needed or qualified personnel. We can integrate our SMS services directly into your systems, enabling your business to:

- ❑ Advertise with 98% effectiveness
- ❑ Capture new business leads
- ❑ New client lists for outbound campaigns

The use of SMS can bring many benefits to an organization. Where applicable, using text messaging for communication improves customer service, or internal productivity, and often reduces labor cost when the existing communications flow depends on human interaction

CellFUZE's staff of developers that have years of integration and customization experience. If you have an existing system that could benefit from the use of SMS or a use for SMS that requires unique processing, call us to discuss how we can bring the power of messaging to your operation.
